Kansas 2nd Amendment Group Endorses Candidates in Primary

TOPEKA (July 18, 2018) – Today Chairman Moriah Day announced that the Kansas State Rifle Association Political Action Committee has released its list of legislative candidate endorsements for the 2018 primary election cycle.

“Kansans overwhelmingly support the right to keep and bear arms. The Kansas Legislature has passed some of the strongest 2nd Amendment protections in the nation over the past decade, and the KSRA is committed to continuing that tradition. This election year, we will focus on ensuring Kansans know each candidate’s real position on the 2nd Amendment so voters can send committed pro-gun legislators to Topeka.”

As the Kansas affiliate of the National Rifle Association, the KSRA works closely with the NRA as it monitors legislative action, reviews candidate questionnaires, and examines voting records to rate candidates each election cycle. NRA ratings are available here: <https://www.nrapvf.org/grades/kansas/>
